Letter No 522 d, the 27th April 1903 from the President of the Municipalities in the Hassan District

Municipal Administration Report for the year 1901-02.

Note

In the report of the Hassan District for the year 1901 02 the figures under "Births" and deaths (Statt K) for the year 1900 01 are given as 3666 and 3988 against 944 and 1022 respectively reported in those ~~[illegible]~~ years, ~~for the same period~~ upon-

In this office Docket No 13862 & 7311 of 18 3 03 the President was asked whether the figures for 1900 01 furnished in the report for 1901-02 refer to Municipalities alone or include those for rural tracts also, and also which of the figures have to be adopted and whether those for 1901 02 require any and what modifications.

One side only, [illegible] the same subject as shown on the other side. The Office Note should be in black ink. Write only on side of this form.

In reply, the President reports in his letter under reference that the figures furnished in the report for 1900-01 are those given by the Vice-Presidents, & that the figures contained in the report for 1901-02 are those furnished by the Senior Surgeon who seems to have included the figures Statistics for the rural tracts also in the case of such municipalities as are hd. Taluk or Sub Taluk Head Quarters, and requests submission a revised Statement (K) according to which the number of births and deaths in the Municipal Towns during 1901-02 ~~were~~ were 738 and 1027 respectively, and not 3304 and 4092 as already originally furnished, the figures for 1900-01 entered in that year's report remaining unaltered, and requests that the revised statement K may be substituted for the original and that necessary corrections made in para 22-7 the report.

The report in question which had been sent to the Press has received

received back printed on 22.4.03.

May the Superintendent of the Cork Press, however, be asked to print 120 copies of the revised statement and substitute the same for pages 16 and 17 of the report and to make the necessary corrections in para 22 thereof by pasting correction slips, or to print the President's letter with enclosure and append the same to the report ~~[illegible]~~

~~the figures in the Revised statement based on the [illegible] section of the General Administration Report would differ~~

submitted for orders.

Correction will be made in the Mil Section of the General Administration Report when the proof is received in this office.

Dear Mr. Narayanaiya

Your Confidential D.O. of the 31st ult. to Mr. M. S. Narayana Rao conveying H.H. the Maharaja's dissatisfaction at the delay in the submission of the Administration report of the Municipalities of the Tumkur District and your Memo. of the 10th inst. pointing out for my information that I was the President of the Municipalities at the time referred to in the D.O. letter: I deeply regret the delay that occurred during my brief tenure of office

The report was done on the 30th September I went to Mysore on the 5th October to attend the Dasara Durbars & returned to Tumkur on the 15th October evening to hand over charge to Mr. Narayana Rao the following morning That the report was not submitted before the 30th September or even before the 15th October was my fault & I plead guilty to it

Office of the C.
Municipalities
Dated, Hassan. 27th April

From.

D. Devanaj Urs Esqre.
President of Municipalities.
Hassan District.

To

H.V. Nanjundaya Esqre
M.A. B.L.
Secretary to the Government
His Highness the Maharaja
Mysore. General & Rev: D

Sir,

According to his Docket
No. 13862/L.T.31-01 Dated 18th March 1903,
calling for explanations as to
certain differences in the numbe
of births and deaths during
1900-01 as entered in the state
-ments submitted with the
Municipal Administration
Reports for 1900-01 and 1901-02.

I have the honor to state that the figures furnished in the Report for 1900-01 were based on the statements received from the Vice Presidents of the several Municipalities in the District. But the Senior Surgeon having furnished statistics of births and deaths for 1901-02 for embodiment in the Report for that year, the same were adopted in the Report for 1901-02. From the information received from the Senior Surgeon in reply to a reference made to him on the subject, it is understood that in the Senior Surgeon's office, the

under

number of births and deaths as given for the Hobbies in the District, the head quarter of which forms a Municipal Town, seems to have been taken to be that for the Municipal Town alone and entered accordingly. For instance figures entered against "Arkalgud" Arkalgud Hobli) seems to have been adopted as those of Arkalgud Municipality.

2 — A revised statement (K) is therefore submitted herewith for being substituted in places of statement K submitted with the Administration Report for 1901 02.

3 — It is requested further that

that you will be so good as to cause the necessary changes & figures to be effected in para 22 of the Report submitted with my letter No: 395 Dated 6th February 1903.

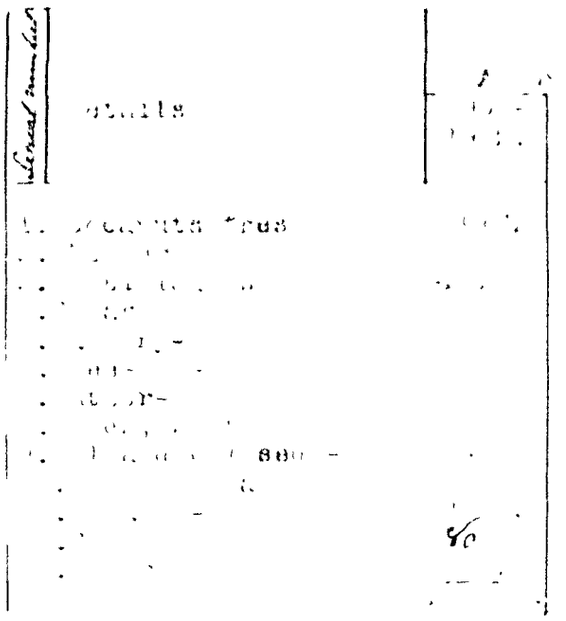
roy introduction or extension of octroi taxation and to enter into



respectively of the previous year. The increased incidence in the Bangalore City was chiefly due to the increased revenue from water tax and that in the Mysore City to better collectionsunder octroi and house taxes.

9. Demand, Collection and Balance. The total demand including the arrears of previous years amounted to Rs.904663 as given in the reports. Of this, only Rs. 653225 was collected leaving a balance of Rs.251408 or Rs.27.8 per cent uncollected at the end of the year. The figures under collection do not tally with the detailed statement of receipts furnished by the Comptroller, who is therefore requested to take early steps to rectify the errors.

10. Incidence of total revenue. Taking therefore the total revenue under all heads, exclusive of debit heads as Rs. 674552 according to the Comptroller's statement with a total population(589479) the incidence was Re.1-2-6 per head of population of which Re.0-7-7.9 was from octroi tax, license receipts, tolls and ferry charges and Re.0-7-.6 from house, professional taxes and the rest from market rents, fines conservancy and miscellaneous sources.

11. The per capita rate of taxes to total population, of the total revenue Rs.674552 collected, Rs.4.50 or per cent was contributed by the Bangalore City at the rate of Rs.7-1-23 to the

the beginning of the year to Rs.3,71,05[illegible] at the end thereof. Out of this expenditure 14.27 per cent was spent on general administration including registration of Births and ~~Births~~ deaths and collection charges, 27.77 per cent on conservancy and sanitation, 26.72 per cent on roads, drains, wells and other public works and 8.27 on charitable grants, 7.65 on lighting, 5.94 on education and the rest on miscellaneous charges.

12. III Collection. In the Kolar and Bangalore Districts the arrears of remuneration due to the village servants for the collection of house and moholarfa taxes was paid during the year and in the districts of Tumkur and Hassan panchayat or commission were made while no such payments were made in the previous year.

13. Conservancy. A much larger expenditure was incurred during the year 1901-02 than in the previous year on conservancy and sanitation of the towns, the employment of additional hands and conservancy carts and additions to the existing establishments being considered to the increase. A sum of Rs.27,298 was expended in the City of Mysore on special sanitary works, viz improvement of the communications.

14. Village sanitation. Except in the Bangalore and Kolar Districts, where [illegible] are [illegible] by [illegible]

-ulation continued to be in force in all
the municipalities. A large number of cases
are reported to have been brought up be-

16. Lighting. During the year 1901-02 lighting arrangements were made in 111 towns at an aggregate cost of Rs. 49370 against Rs. 106 and Rs. 48402 respectively of the previous year, the 3 municipalities into which lighting was newly introduced being Kyatasandra in the Tumkur District, Malale in the Mysore District and Gubbi in the Hassan District.

17. Public Works- The details of expenditure incurred on public works by the municipal Agency during the year 1901-02 as well as on the supervision charges are shown in the Comptroller's statement No. VI which an abstract is given below.

roads and drains and Rs.5013 on buildings against Rs.11354, Rs.1407, Rs. 112011 and Rs.7251 respectively, of the previous year.

The above figures do not include the expenditure of Rs.1249 incurred on special sanitary works executed by the Public Works Department (Sanitary), in the municipalities of Kolar, Tarikere and Chitaldrug and Rs. 27298 on the improvement of the congested parts of the Bangalore City municipality made out of the loan advanced from the State funds.

20. During the year under review Rs. 7704 was expended against Rs.5084 of the previous year on fresh works in addition to the expenditure incurred on improvement of the existing sources of drinking water supply in the several municipalities of the State. The supply of water is reported to have been sufficient in municipal towns generally. But in Chitaldrug, considerable difficulty was felt owing to scanty rains. Temporary wells were sunk in Chinnayakanahalli and in the Vedavathy below the, [illegible] water supply was revived to some extent.

21. Charitable grants. The statement exhibits details showing the number of medical institutions supported from municipal funds, the amount incurred thereon and the number of patients treated in 1901-02 as compared

with those of the previous year. The expenditure incurred during the year was Rs.53452 according to the Comptroller's account, but the reports of Presidents only show a sum of Rs.38752 under this item head. The discrepancy should be rectified by the Comptroller in communication with the Presidents concerned and the result reported for the information of Government. The increase under this head in the Bangalore City was due to the major portion of the dieting charges of the Epidemic diseases Hospital of 1900-01 having been paid out of the plague funds, while the full cost for 1901-02 was debited to municipal funds and the increases in the Kolar, Tumkur, Shimoga and Kadur Districts were chiefly due to the Contribution made towards the cost of construction and repairs of dispensary buildings.

22. Dispensaries.— According to the figures furnished in the reports, the number of medical institutions that remained at the end of the year was 74 for the maintenance of which Rs.38752 was spent from municipal funds during 1901-02 against Rs.31403 in the previous year. The number of patients treated was 884907 against 841844 in the previous year.

Regret to notice that the reports and accounts for 1901-02 with the exception of the reports of the Sringeri municipality and of the Chitaldrug district were not received on or before the due date viz 30th September 1902 and that the information contained in some of them was not complete thereby necessitating further correspondence resulting in a much avoidable delay in reviewing these reports. As it is of the utmost importance that reviews and reports on the working of the municipalities should issue as early as practicable after the expiration of the year to which they relate, the Presidents and the Comptroller are requested to submit their future reports and accounts punctually so as to reach this office not later than the 30th September of the year following that which they relate.
